Get ready for flu season

Getting an annual flu shot is the best way to help prevent the flu. Need more reasons?

- You won’t spread the flu to friends, family and coworkers.
- You’ll lower your risk of complications (like pneumonia or sinus infections), as well as worsened chronic conditions (like diabetes or congestive heart failure).
- You won’t have to take sick days from work or school.
- You’ll stay out of the doctor’s office, so sicker patients can get the care they need.

And it’s easy to get your flu vaccine, too. Visit geisinger.org/flu to find out where and when. You can also see your PCP or go to a Geisinger Health Plan participating pharmacy if there isn’t a flu vaccine clinic near you.
Preventing breast cancer: It's a small step that can have a big impact on your health.

• Be a role model for good health and prevention:
  - Start mammograms at age 40 and keep up with them every year. The sooner the better. According to the American Cancer Society, all women should start having regular mammograms by age 40. In many cases, a cancer is detected at an early stage when it's easier to treat. In fact, breast cancer survival rate is 98% if detected early and hasn't spread.
  - Early detection increases survival rate dramatically. If breast cancer is detected early and hasn't spread, the survival rate is 98%.
  - The sooner the better. According to the American Cancer Society, all women should start having regular mammograms at age 40 and keep up with them every year.
  - It's quick! The typical mammogram only takes about 10 minutes. So pencil this potential lifesaver into your afternoon.
  - Your loved ones will thank you. Keeping yourself healthy means you'll be there for family and friends who need you.

A role model for good health and prevention: Schedule your mammogram today and encourage others to, as well. It is a small step that can have a big impact on your life.

Ready to get your GED? We can help!

Preparing to earn your high school equivalency diploma?

Protect your health information
Identity theft is on the rise at a rapid rate. ID theft can also lead to health insurance fraud. This type of theft not only costs millions of dollars but can impact your health care and services. That’s why we’ve established an anti-fraud program, designed to help spot and get rid of potential fraud and abuse.

What can you do to prevent fraud and abuse? Guard your health insurance information, including your member ID number. Never give out your information and ignore robocalls asking for information in exchange for free services or gifts.

If you suspect fraud or abuse, contact us:
Email: FA@geisinger.edu
Phone: 800-292-1627, the GHP Compliance Hotline or call the customer service team number listed on the back of your insurance card.
Mail: Geisinger Health Plan Anti-Fraud Program 100 N. Academy Ave. Danville, PA 17822-3220
Visit: Go.Geisinger.org/FraudAbuseForm
When you report fraud, you may remain anonymous. All reports are kept strictly confidential. Stay informed about current security alerts and scams by visiting Go.Geisinger.org/SecurityAlerts.

Geisinger Health Plan ranked best health plan in PA by J.D. Power

For the second year in a row, Geisinger Health Plan (GHP) ranked best among commercial health plan in Pennsylvania for member satisfaction in the J.D. Power 2021 U.S. Commercial Member Health Plan Study.

The study, now in its 15th year, measures satisfaction among members of 150 health plans in 22 regions throughout the United States.

Six key factors are examined through the study, including billing and payment, cost, coverage and benefits, customer service, information and communication, and provider choice. The study also measures several other key aspects of the experience and member engagement.

GHP earned the top score for cost in the study, which measures the reasonableness of premiums, deductible, prescription copay and doctor visit copay.
