Geisinger College of Health Sciences health plans are sold through Geisinger Health Plan and Geisinger Quality Options, Inc., which are referred to collectively as "Geisinger Health Plan" or "GHP," unless otherwise noted.

This brochure is not a contract or policy and is intended as an easy-to-read summary only. Specific benefits, limitations, exclusions and terms are set forth in your benefit documents.

This managed care plan may not cover all your healthcare expenses. Read your Subscription Certificate carefully to determine which healthcare services are covered.

## **Know before you choose**

#### How do I know if I'm eligible?

If you're a full-time or part-time Geisinger College of Health Sciences student, you're eligible to enroll in one of our two student health plans. Open enrollment for these plans is from July 1, 2022, until July 21, 2022. Coverage will become effective for enrolled members on Aug. 1, 2022, for the 2022–2023 school year.

#### How do I enroll?

To enroll in a student health plan, just fill out the application in the back of this brochure and follow the directions to submit it.

#### How can I tell the difference between the plans?

Our plans have distinct names and numbers. Here's the "anatomy" of a health plan name:

# Premier HMO 10 / 20 / 500

The first part of your plan name tells you the name of the network and the plan type. You'll be able to choose between two Premier HMO plans. The first number is your primary care provider (PCP) copay.

A copay is a fixed amount you pay for a covered healthcare service, usually when you receive the service. The amount can vary. In this example, you'd pay \$10 each time you visit your PCP.

The second number is your specialty care provider (SCP) copay. In this example, each time you visit an SCP, you'd pay \$20.

The third number is your deductible amount.

This is the amount you pay for healthcare services before your insurance pays for its portion. In this example, your deductible amount is \$500. So you'd pay \$500 for healthcare services before GHP begins paying for its portion.

#### Where can I find care?

#### Care near your campus

You have a variety of care options close to your campus. Visit our student health services resource page at go.geisinger.org/gcsom\_shs for a list of facilities and health resources at each campus.

#### **Care within the Premier network**

Because you have a Premier HMO through Geisinger Health Plan, you can use the providers in our exclusive Premier network.

- 1. Visit geisingerhealthplan.com/providersearch to get started.
- 2. Enter your location.
- 3. Choose your health plan from the list. Yours will be a Premier HMO.
- 4. Pick a category to search from our entire library of applicable providers, or narrow your search by searching for doctors, specialties, locations or types of places.

#### Care outside the network

If you'd like, you also can go outside the Premier network for care. Just be aware that you'll have to pay out-of-pocket costs by going out of network.

## Our 2022-2023 student plans

As a student enrolled at the Geisinger College of Health Sciences, you can choose one of two Premier HMO plans. Out-of-network services are not covered, so if you choose to seek them, you'll be required to pay entirely out of pocket for your care. You can enroll dependents for an additional fee.

#### Key terms to know:

Deductible: The amount you pay for healthcare services before your insurance starts to pay its portion of costs for covered health expenses.

Copay (short for copayment): A fixed amount you pay for a covered healthcare service, usually paid at the time you receive the service. The amount can vary depending on your plan and the type of service you are receiving.

Coinsurance: Your share of the costs of a covered healthcare service, calculated as a percent of the allowed amount for the service. You pay coinsurance plus any deductibles you owe. Your insurance plan pays for the rest of the allowed amount.

Maximum out-of-pocket: Also called MOOP, this amount includes all member cost sharing, such as deductibles, coinsurance and copays, for all covered services in a policy period. However, your MOOP doesn't include your monthly premium. Once you meet your maximum out-of-pocket costs, your insurance plan will pay 100% of costs for covered services.
