

GHP Family-Navitus Specialty Network

GHP Family uses Navitus Specialty Pharmacy Network to be sure you, as a GHP Family member, have access to specialty medications. Navitus Specialty allows you to use any contracted specialty pharmacy to obtain any specialty medication the pharmacy stocks. The list of specialty medications is available below.

Navitus will allow you to receive medications from out-of-network pharmacies when the drug(s) isn't available at a network pharmacy ("limited distribution" or when the drug maker limits what pharmacy can dispense their medication) or if the network pharmacy can't serve you in time to prevent harm.

Below is a list of Navitus specialty providers as of April 1, 2025:
