

**Geisinger Gold Standard Rx**  
**2017 Comprehensive Formulary**  
**(List of Covered Drugs)**

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER  
IN THIS PLAN

This formulary was updated on October 27, 2017. For more recent information or other questions, please contact Geisinger Gold Member Services at (800) 988-4861 or, for TTY users, 711 8 a.m. to 8 p.m. (7 days a week, Oct. – Feb.) or 8 a.m. to 8 p.m. (Mon. – Fri., March – Sept.), or visit [www.GeisingerGold.com](http://www.GeisingerGold.com)

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Geisinger Health Plan. When it refers to “plan” or “our plan,” it means Geisinger Gold Standard Rx.

This document includes a list of the drugs (formulary) for our plan which is current as of September 2, 2016. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on October 27, 2017 and from time to time during the year.

Geisinger Gold Medicare Advantage HMO, PPO, and HMO SNP plans are offered by Geisinger Health Plan/Geisinger Indemnity Insurance Company, health plans with a Medicare contract. Continued enrollment in Geisinger Gold depends on annual contract renewal. The formulary may change at any time. You will receive notice when necessary.

## **What is the Geisinger Gold Standard Rx Formulary?**

A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Geisinger Gold network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## **Can the Formulary (drug list) change?**

Generally, if you are taking a drug on our 2017 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2017 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug. The enclosed formulary is current as of October 27, 2017. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages. If non-maintenance changes are made to the formulary during the plan year, we will communicate these changes in the member newsletter and within the monthly explanation of benefits (EOB).

## How do I use the Formulary?

There are two ways to find your drug within the formulary:

### Medical Condition

The formulary begins on page one. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents”. If you know what your drug is used for, look for the category name in the list that begins one. Then look under the category name for your drug.

### Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page I-1. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## What are generic drugs?

Our plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

## Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from the plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.
- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that our plan will cover. For example, our plan provides up to 16 tablets per prescription for sumatriptan. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page one. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the Geisinger Gold Standard Rx formulary?” for information about how to request an exception.

### **What if my drug is not on the Formulary?**

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by our plan.
- You can ask our plan to make an exception and cover your drug. See below for information about how to request an exception.

### **How do I request an exception to the Geisinger Gold Standard Rx Formulary?**

You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan’s formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber’s supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

### **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with a 93-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

For members being admitted to or discharged from a LTC facility, early refill edits are not used to limit appropriate and necessary access to their Part D benefit, and such enrollees are allowed to access a refill upon admission or discharge.

## **For more information**

For more detailed information about your Geisinger Gold Standard Rx prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about our plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

## **Geisinger Gold Standard Rx Formulary**

The formulary that begins on page one provides coverage information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index that begins on page I-1.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., ADVAIR DISKUS) and generic drugs are listed in lower-case italics (e.g., *simvastatin*).

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug.

**The following Utilization Management abbreviations may be found within the body of this document**  
COVERAGE NOTES ABBREVIATIONS

ABBREVIATION	DESCRIPTION	EXPLANATION
<b>General</b>		
	<i>Generic</i> (BRAND)	The reference brand name in parenthesis is provided for information only to assist in identifying the generic medication and does NOT indicate formulary status or coverage.
<b>Utilization Management Restrictions</b>		
PA	Prior Authorization Restriction	You (or your physician) are required to get prior authorization from our plan before you fill your prescription for this drug. Without prior approval, our plan may not cover this drug.
PA BvD	Prior Authorization Restriction for Part B vs Part D Determination	This drug may be eligible for payment under Medicare Part B or Part D. You (or your physician) are required to get prior authorization from our plan to determine that this drug is covered under Medicare Part D before you fill your prescription for this drug. Without prior approval, our plan may not cover this drug.
PA-HRM	Prior Authorization Restriction for High Risk Medications	This drug has been deemed to be potentially harmful and therefore, a High Risk Medication for Medicare beneficiaries 65 years or older. Members age 65 years or older are required to get prior authorization from our plan before you fill your prescription for this drug. Without prior approval, our plan may not cover this drug.
PA NSO	Prior Authorization Restriction for New Starts Only	If you are a new member or if you have not taken this drug before, you (or your physician) are required to get prior authorization from our plan before you fill your prescription for this drug. Without prior approval, our plan may not cover this drug.
QL	Quantity Limit Restriction	Our plan limits the amount of this drug that is covered per prescription, or within a specific time frame.
ST	Step Therapy Restriction	Before our plan will provide coverage for this drug, you must first try another drug(s) to treat your medical condition. This drug may only be covered if the other drug(s) does not work for you.

**The following additional coverage note abbreviations may be found within the body of this document**  
**OTHER SPECIAL REQUIREMENTS FOR COVERAGE**

ABBREVIATION	DESCRIPTION	EXPLANATION
LA	Limited Access Drug	This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services at (800) 988-4861, 8 a.m. to 8 p.m. (7 days a week, Oct. – Feb.) or 8 a.m. to 8 p.m. (Mon. – Fri., March- Sept.). TTY/TDD users should call 711.
NM	Non-Mail Order Drug	Drugs <u>not</u> available via your mail order benefit are noted with “NM” in the Requirements/Limits column of your formulary.
NDS	Non-Extended Days Supply	Drugs <u>not</u> available for an extended days supply (i.e. more than a one month supply) are noted with “NDS” in the Requirements/Limits column of your formulary.

Every medication on the Geisinger Gold Standard Rx formulary is in a single cost-sharing tier, which is associated with a 25% coinsurance. Please note: what you pay for your medication depends on which “drug payment stage” you are in when you get the medication, where you get the medication filled, and if you qualify for any additional payment assistance.

If you also receive Pennsylvania Medical Assistance (Medicaid) benefits, some drugs that are not covered by our plan may be covered by your Pennsylvania Medical Assistance (Medicaid) coverage. To find out which drugs are covered by Pennsylvania Medical Assistance, please contact your local Human Services/County Assistance Office, or call the Pennsylvania Medical Assistance Benefit Helpline at 1-800-692-7462 for more information.

**If you are a member of an employer group, these prices may not apply to you. Please refer to your benefit documents for appropriate cost sharing amount.**
