**Step 1 Drugs:** Arnuity Ellipta and Qvar

**Number of days for claims review for select or first line drugs:** 180
DESVENLAFAXINE ER

**Affected Drugs (also known as Step-2-Drugs):**
Desvenlafaxine ER
Desvenlafaxine Fumarate ER

**Step Therapy Criteria:** On-line prescription drug claim history showing 15 days use of a Step 1 drug, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

**Step 1 Drugs:** Desvenlafaxine Succinate ER

**Number of days for claims review for select or first line drugs:** 180
Affected Drugs (also known as Step-2-Drugs):
Dulera

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of two Step 1 drugs, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Formulary version of 1) Fluticasone Salmeterol and 2) either budesonide formoterol or Breo Ellipta

Number of days for claims review for select or first line drugs: 180
Affected Drugs (also known as Step-2-Drugs):
Bydureon

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of two Step 1 drugs, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Victoza, Ozempic, Trulicity, or Rybelsus

Number of days for claims review for select or first line drugs: 180
Affected Drugs (also known as Step-2-Drugs):
Bydureon BCise

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of two Step 1 drugs, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Victoza, Ozempic, Trulicity, or Rybelsus

Number of days for claims review for select or first line drugs: 180
Affected Drugs (also known as Step-2-Drugs):
Byetta 10 MCG Pen
Byetta 5 MCG Pen

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of two Step 1 drugs, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Victoza, Ozempic, Trulicity, or Rybelsus

Number of days for claims review for select or first line drugs: 180
Affected Drugs (also known as Step-2-Drugs):
Neupro

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of two Step 1 drugs, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Pramipexole and Ropinirole

Number of days for claims review for select or first line drugs: 180
Affected Drugs (also known as Step-2-Drugs):
Ongentys

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of a Step 1 drug, within previous 180 days. If step therapy criteria are not met, prescriber should request an exception for coverage.

Step 1 Drugs: Either Entacapone, Carbidopa-Levodopa-Entacapone, or Tolcapone

Number of days for claims review for select or first line drugs: 180
Affected Drugs (also known as Step-2-Drugs):
- oxyCODONE HCl ER
- OxyCONTIN

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of a Step 1 drug, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Morphine Sulfate Extended Release

Number of days for claims review for select or first line drugs: 180
Affected Drugs (also known as Step-2-Drugs):
Esomeprazole Magnesium

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of two Step 1 drugs, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Either two generic formulary PPI's which include Lansoprazole, Omeprazole, Rabeprazole and Pantoprazole or Lansoprazole and Misoprostol for prophylaxis of NSAID associated gastropathy

Number of days for claims review for select or first line drugs: 180
PRADAXA

Affected Drugs (also known as Step-2-Drugs):
Pradaxa

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of a Step 1 drug, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Eliquis or Xarelto

Number of days for claims review for select or first line drugs: 180
Affected Drugs (also known as Step-2-Drugs):
Vyzulta
Zioptan

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of two Step 1 drugs, within previous 180 days. If step therapy criteria are not met, prescriber should request an exception for coverage.

Step 1 Drugs: Travoprost AND either Latanoprost or Xelpros

Number of days for claims review for select or first line drugs: 180
Affected Drugs (also known as Step-2-Drugs):
Rhopressa
Rocklatan

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of a Step 1 drug, within previous 180 days. If step therapy criteria are not met, prescriber should request an exception for coverage.

Step 1 Drugs: Latanoprost OR Travoprost

Number of days for claims review for select or first line drugs: 180
**SPRITAM**

**Affected Drugs (also known as Step-2-Drugs):**
Spritam

**Step Therapy Criteria:** On-line prescription drug claim history showing 15 days use of a Step 1 drug, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

**Step 1 Drugs:** Levetiracetam Oral Solution

**Number of days for claims review for select or first line drugs:** 180
SYMBICORT

Affected Drugs (also known as Step-2-Drugs):
Budesonide-Formoterol Fumarate

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of a Step 1 drug, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Formulary version of Fluticasone/Salmeterol

Number of days for claims review for select or first line drugs: 180
TOLCAPONE

Affected Drugs (also known as Step-2-Drugs):
Tolcapone

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of a Step 1 drug, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Entacapone or Carbidopa-Levodopa-Entacapone

Number of days for claims review for select or first line drugs: 180
**TUDORZA**

**Affected Drugs (also known as Step-2-Drugs):**
Tudorza Pressair

**Step Therapy Criteria:** On-line prescription drug claim history showing 15 days use of two Step 1 drugs, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

**Step 1 Drugs:** Spiriva and Incruse Ellipta

**Number of days for claims review for select or first line drugs:** 180
**ULORIC**

**Affected Drugs (also known as Step-2-Drugs):**
Febuxostat

**Step Therapy Criteria:** On-line prescription drug claim history showing 15 days use of a Step 1 drug, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

**Step 1 Drugs:** Allopurinol

**Number of days for claims review for select or first line drugs:** 180
Affected Drugs (also known as Step-2-Drugs):
Velphoro

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of two Step 1 drugs, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Calcium Acetate and Either Sevelamer Carbonate or Lanthanum Carbonate

Number of days for claims review for select or first line drugs: 180
Affected Drugs (also known as Step-2-Drugs):
Xelpros

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of a Step 1 drug, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Latanoprost

Number of days for claims review for select or first line drugs: 180
**Affected Drugs (also known as Step-2-Drugs):**
Xultophy

**Step Therapy Criteria:** On-line prescription drug claim history showing 15 days use of a Step 1 drug, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

**Step 1 Drugs:** One formulary GLP-1 Agonist or one formulary long-acting basal insulin product

**Number of days for claims review for select or first line drugs:** 180
Affected Drugs (also known as Step-2-Drugs):
Zenpep

Step Therapy Criteria: On-line prescription drug claim history showing 15 days use of a Step 1 drug, within previous 180 days. If step therapy criteria are not met, prescribing provider should request an exception for coverage.

Step 1 Drugs: Creon

Number of days for claims review for select or first line drugs: 180
