5 things to consider when choosing a Medicare Advantage plan

Doctors and hospitals

Not all plans let you choose your own doctors and medical facilities. If that's important to you, choose a plan that does.

Costs

This includes monthly premiums and out-of-pocket costs for deductibles and copays. See if there's an annual limit on these and other expenses.

Prescription drugs

Make sure the plan you choose covers the medications you need. Ask what pharmacies you can use.

Travel

See if your plan will cover you if you travel to another state or outside the U.S.

Ratings

The Centers for Medicare and Medicaid Services (CMS) rates Medicare plans on a five-star basis. The higher the rating, the more confident you can be in the plan you choose.
