

2024 Qualified Health Plan transparency reporting for Individual PPO

Information on Explanation of Benefits

Your Explanation of Benefits (EOB) is a statement that shows what health services you received, what bills your health plan paid, and what you may still owe to a healthcare provider.

You will receive an EOB after each claim is paid, explaining what was covered for that claim.

How to read your EOB

Your EOB has three sections:

Summary of charges

A summary of the bills your healthcare providers sent to Geisinger Health Plan (GHP) for health services provided to you and other family members on the plan.

Plan accumulations

This section shows you:

- The amount of money you have paid to date for healthcare services
- The amount you are expected to pay for each member and family as a whole
- The amount remaining until you meet your annual limit

Claim detail

Specific information for each claim that is submitted to GHP. It includes:

- The date the service was received
- The procedures performed
- The charges for that claim

Information on coordination of benefits

Plans that provide health and/or prescription coverage for a policyholder with more than one insurance policy can determine their payment responsibilities (i.e., determine which insurance plan has the primary payment responsibility and how much the other plans will contribute when someone is covered by more than one plan). This is why Geisinger Health Plan asks you for information on other health insurance coverage you have.

Retroactive denials

Claims can be denied retroactively when processed for payment in error. GHP reserves the right to retroactively deny claim payment, if services do not fall within policies consistent with the policyholder's coverage. Make sure you have the proper required prior authorizations for out-of-network services to prevent denials.

Balance billing (also called "surprise billing")

When you see a doctor or other healthcare provider, you may owe certain out-of-pocket costs, such as a copay, coinsurance and/or a deductible. You may have other costs or must pay the entire bill if you see a provider or visit a healthcare facility that isn't in your health plan's network.

"Out-of-network" describes providers and facilities that haven't signed a contract with your health plan. Out-of-network providers may be permitted to bill you for the difference between what your plan agreed to pay, and the full amount charged for a service. This is called "balance billing." This amount is likely more than in-network costs for the same service and might not count toward your annual out-of-pocket limit.

"Surprise billing" is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider.

If you believe you've been wrongly billed, call 800-985-3059. Visit [cms.gov/nosurprises](https://www.cms.gov/nosurprises) for more information about your rights under federal law.

Enrollee claims submission

If a provider fails to submit a claim, you can submit for reimbursement. Download the form by signing in to your account at [geisingerhealthplan.com](https://www.geisingerhealthplan.com). Not a registered user? Visit [geisingerhealthplan.com/register](https://www.geisingerhealthplan.com/register) to create your account. You have one year to submit. Send forms to P.O. Box 853910, Richardson, TX 75085-3910. Customer care can be reached at 800-223-1282.

Enrollee recoupment of overpayments

If Geisinger Health Plan overbills you, a credit in the amount of the overbilled premium will be applied to next month's premium invoice, reducing the following month's premium owed.

If you would like a refund rather than a credit, the refund can be requested through the Accounts Receivable and Billing Department by calling 844-343-2639. A refund will be issued via the same method the original payment was made. In some circumstances, a check in the amount of the overpayment will be sent.

Drug exceptions timeframes and enrollee responsibilities

You can obtain access to any non-excluded, non-formulary drug by meeting criteria set forth by GHP for that specific drug. You can call 800-988-4861 to initiate an exception request or your prescriber can submit a request in writing by filling out a prior authorization request form, which can be found on our website, [geisingerhealthplan.com](https://www.geisingerhealthplan.com), or electronically at [ghp.promptpa.com](https://www.ghp.promptpa.com). Your prescriber can also have a form faxed to their office upon request by calling 800-988-4861.

Regardless of how the exception request is initiated, the prescriber must include all relevant medical record documentation and then fax or mail the completed form and documents to GHP. Once the information is received by GHP, it will be reviewed, a decision will be made, and verbal and written notifications will be completed as quickly as possible. Notifications will be completed no more than 24 hours after receipt for expedited requests and 72 hours after receipt for standard requests.

Your request for a formulary exception can also be reviewed by an Independent Review Organization (IRO). This is called the formulary external exception review process. You or your prescriber can make this request by calling 800-988-4861 (TTY: PA Relay: 711). There are two types of external exception requests: standard and expedited. If your original exception request was standard, we will notify you of the external exception review decision within 72 hours of our receipt of the request. If your original exception request was expedited, we will notify you of the external exception review decision within 24 hours of our receipt of the request. If your request is approved by the IRO, coverage of the excepted medication will be provided for the duration of the prescription, subject to the terms of your contract.

Grace periods and claims pending policies during the grace period

Under the Affordable Care Act, a 90-day grace period is provided. This grace period is a 90-day window during which coverage cannot be canceled due to missed or late premiums. This applies only to those who have received an advance premium tax credit to purchase health insurance through the Marketplace, and have previously paid at least one month's full premium in that benefit year.

Medical claims

During the first 30 days of delinquency, claims will be paid. During the remaining 60 days, claims will pend and payment will not go out during this period, awaiting premium payment. Once payment is received, all claims will be paid. If payment is not received and the policy is canceled, claims submitted during the second and third months of the grace period will not be paid.

Pharmacy claims

During the first 30 days of delinquency, claims will be paid. During the remaining 60 days, claims will be allowed to process at point-of-sale but you will be assessed 100% coinsurance, awaiting premium payment. Once payment is received, you may submit a Pharmacy Reimbursement Claim Form to be refunded any monies paid above the cost-sharing provided by your plan.

Medical necessity, prior authorization timeframes and enrollee responsibilities

Some services may require prior authorization by GHP. If your preferred provider recommends a service(s) that requires prior authorization, it is their responsibility to request an authorization prior to providing the service. Requests for services are reviewed by the plan to determine medical necessity, as well as member eligibility and benefit availability at the time the covered services are to be provided. If the preferred provider doesn't get prior authorization before providing the service, it will result in denial of payment. The provider will be held financially responsible.

However, if you choose to obtain services from a non-preferred provider, it is ultimately your responsibility to obtain authorization before the date that service is provided. Services that are identified as requiring authorization rendered by a non-preferred provider are not covered when authorization has not been obtained. You will be held financially responsible for such services. Standard requests for services are completed within 15 calendar days of receipt of request unless an extension is required. If an extension is required, you and the provider are notified in writing within 15 days of receipt of request of the need to take an extension and defines information needed. If extension is taken, the request must be completed within 60 calendar days of the receipt of the initial request. Expedited requests for pre-service decisions are completed within 72 hours of receipt of request. If an extension is needed for an expedited request, necessary information must be requested within 24 hours of receipt of the request, and you are given at least 48 hours to provide the information needed.

Regardless of whether services are provided by a preferred or non-preferred provider, when services are denied on the basis of medical necessity, you will be directly notified of the decision, as well as your right to appeal that decision. If you proceed with the denied procedure or service, you become financially responsible.

Discrimination is against the law

Geisinger Health Plan, Geisinger Quality Options, Inc., and Geisinger Indemnity Insurance Company (the "Health Plan") comply with applicable federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability, sex, gender identity, or sexual orientation.
