

Specialty drugs and devices are frequently used to treat complex medical conditions. These products generally require close monitoring and complex handling, and often require education regarding administration. To be sure our members receive the support they need to successfully manage their conditions, we have partnered with Navitus Health Solutions to provide these medications through the Specialty Drug Program.

Use of the Specialty Drug Program is mandated for our Commercial members when medication will be self-administered by the member at home. For physician-injected medications, the use of the Specialty Pharmacy Drug Program is not mandatory if the physician elects to buy and bill the medication, unless it is included in Geisinger Health Plan's Medical Benefit Drug Optimization Program. Medicare Part D members are not mandated to use the Specialty Drug Program, but they may elect to do so. Medicare Part D members are not limited to specific specialty pharmacies, unless the manufacturer limits access to a medication through a specialty pharmacy. Medicare eligible Part B medications which are not bought and billed by a physician are not eligible for Part B coverage.

Note that all specialty vendor drugs have a maximum of a 1 month supply per dispense unless a different maximum day supply is noted in the formulary — visit the formulary for more information.

For formulary information for self-administered medications, visit and select the appropriate formulary:

Discrimination is against the law

Geisinger Health Plan, Geisinger Quality Options, Inc., and Geisinger Indemnity Insurance Company (Geisinger Health Plan) comply with applicable federal civil rights laws and do not discriminate on the basis of race, color, national origin, age, disability or sex (including sex characteristics, intersex traits, pregnancy or related conditions, sexual orientation, gender identity and sex stereotypes). Geisinger Health Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, sex, gender identity or sexual orientation.

Geisinger Health Plan:

- Provides people with disabilities reasonable modifications and free appropriate auxiliary aids and services to communicate effectively with us, such as:
 - » Qualified sign language interpreters
 - » Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - » Qualified interpreters
 - » Information written in other languages

If you need reasonable modifications, appropriate auxiliary aids and services or language assistance services, call Geisinger Health Plan at 800-447-4000 or TTY: 711.

If you believe that Geisinger Health Plan has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, sex, gender identity or sexual orientation, you can file a grievance with:

Civil Rights Grievance Coordinator
Geisinger Health Plan Appeals Department
