Policy: MBP 134.0
Section: Medical Benefit Pharmaceutical Policy
Subject: Cresemba IV (isavuconazonium sulfate)

I. Policy:
Cresemba IV (isavuconazonium sulfate)

II. Purpose/Objective:
To provide a policy of coverage regarding Cresemba IV (isavuconazonium sulfate)

III. Responsibility:
A. Medical Directors
B. Medical Management
C. Pharmacy Department

IV. Required Definitions
1. Attachment – a supporting document that is developed and maintained by the policy writer or department requiring/authoring the policy.
2. Exhibit – a supporting document developed and maintained in a department other than the department requiring/authoring the policy.
3. Devised – the date the policy was implemented.
4. Revised – the date of every revision to the policy, including typographical and grammatical changes.
5. Reviewed – the date documenting the annual review if the policy has no revisions necessary.

V. Additional Definitions
Medical Necessity or Medically Necessary means Covered Services rendered by a Health Care Provider that the Plan determines are:

a. appropriate for the symptoms and diagnosis or treatment of the Member's condition, illness, disease or injury;
b. provided for the diagnosis and the direct care and treatment of the Member's condition, illness disease or injury;
c. in accordance with current standards good medical treatment practiced by the general medical community;
d. not primarily for the convenience of the Member, or the Member's Health Care Provider; and
e. the most appropriate source or level of service that can safely be provided to the Member. When applied to hospitalization, this further means that the Member requires acute care as an inpatient due to the nature of the services rendered or the Member's condition, and the Member cannot receive safe or adequate care as an outpatient.

Medicaid Business Segment
Medical Necessity shall mean a service or benefit that is compensable under the Medical Assistance Program and if it meets any one of the following standards:

(i) the service or benefit will, or is reasonably expected to, prevent the onset of an illness, condition or disability.

(ii) the service or benefit will, or is reasonably expected to, reduce or ameliorate the physical, mental or development effects of an illness, condition, injury or disability.

(iii) the service or benefit will assist the Member to achieve or maintain maximum functional capacity in performing daily activities, taking into account both the functional capacity of the Member and those functional capacities that are appropriate for members of the same age.
DESCRIPTION:
Cresemba IV (isavuconazonium sulfate) is an azole antifungal indicated for the treatment of invasive aspergillosis and for the treatment of invasive mucormycosis in patients 18 years of age and older.

CRITERIA FOR USE: Requires Prior Authorization by Medical Director or Designee

Cresemba IV (isavuconazonium sulfate) will be considered medically necessary when all of the following criteria are met:
• Medical record documentation that the patient is 18 years of age or older AND
• Medical record documentation that Cresemba is being used for the treatment of invasive aspergillosis OR for the treatment of invasive mucormycosis

AUTHORIZATION DURATION: Authorization duration should be for a length of 3 months. Reauthorization will be based on the following criteria:
• Medical record documentation of a culture and sensitivity showing the isolates are susceptible to Cresemba. AND
• Medical record documentation that the appropriate dose is being prescribed (1 vial/day)

LINE OF BUSINESS:
Eligibility and contract specific benefit limitations and/or exclusions will apply. Coverage statements found in the line of business specific benefit document will supersede this policy.

This policy will be revised as necessary and reviewed no less than annually.

Devised: 9/15/2015

Revised:

Reviewed: 9/14/16, 7/31/17, 7/10/18, 5/31/19, 2/1/20
