## **Medicaid Business Segment**

Medically Necessary — A service, item, procedure, or level of care compensable under the Medical Assistance program that is necessary for the proper treatment or management of an illness, injury, or disability is one that:

- i. Will, or is reasonably expected to, prevent the onset of an illness, condition, injury or disability.
- ii. Will, or is reasonably expected to, reduce or ameliorate the physical, mental or developmental effects of an illness, condition, injury or disability.
- iii. Will assist the Member to achieve or maintain maximum functional capacity in performing daily activities, taking into account both the functional capacity of the Member and those functional capacities that are appropriate for Members of the same age.

### **DESCRIPTION:**

Khapzory (Levoleucovorin) is a chemotherapy modulating agent, folate analog. Levoleucovorin counteracts the toxic (and therapeutic) effects of folic acid antagonists (eg, methotrexate) which act by inhibiting dihydrofolate reductase. Levoleucovorin is the levo isomeric and pharmacologic active form of leucovorin (levoleucovorin does not require reduction by dihydrofolate reductase). A reduced derivative of folic acid, leucovorin supplies the necessary cofactor blocked by methotrexate. Leucovorin enhances the activity (and toxicity) of fluorouracil by stabilizing the binding of 5-fluoro-2'-deoxyuridine-5'-monophosphate (FdUMP; a fluorouracil metabolite) to thymidylate synthetase resulting in inhibition of this enzyme.

### **CRITERIA FOR USE: Requires Prior Authorization by Medical Director or Designee**

Khapzory (Levoleucovorin) will be considered medically necessary for all lines of business when ALL of the following criteria are met:

- Medical record documentation of intolerance to or contraindication to preferred levoleucovorin calcium products.

Preferred products: levoleucovorin calcium vial, powder for reconstitution, levoleucovorin calcium vial, solution

**AUTHORIZATION DURATION:** Initial approval will be for 12 months or less if the reviewing provider feels it is medically appropriate. Subsequent approvals will be for an additional 12 months or less if the reviewing provider feels it is medically appropriate and will require medical record documentation of continued disease improvement or lack of disease progression. The medication will no longer be covered if patient experiences toxicity or worsening of disease.

Note: For Medicaid (GHP Family), any requests for services that do not meet criteria set in the PARP will be evaluated on a case-by-case basis.

### **LINE OF BUSINESS:**

**Eligibility and contract specific benefit limitations and/or exclusions will apply. Coverage statements found in the line of business specific benefit document will supersede this policy.**

This policy will be revised as necessary and reviewed no less than annually.

**Devised:** 12/20/19

**Revised:** 10/4/22 (Medicaid PARP statement), 10/2/2023 (LOB carve out, Medicaid business segment), 10/3/24 (added all LOB's [per 1/16/24 P&T], LOB table, taglines)

**Reviewed:** 11/2/20, 10/4/21

**MA UM Committee approval:** 5/22/24
