

The Geisinger Lewistown Hospital School of Nursing welcomes your interest in our RN diploma program! Nursing is an exciting and rewarding profession that is rapidly growing and changing. Our program is designed to give students a solid knowledge base and a great deal of exposure to the clinical areas in order to prepare competent and high-quality graduate nurses who are ready to practice in today's challenging health-care environment.

Open application time is September 2020 through **April 30, 2021, or until class is filled**. A completed application packet must be submitted online for consideration into the school. You can reach the application portal by going to www.geisinger.org then go to the education tab and then select Geisinger Lewistown Hospital School of Nursing. A fee of \$130.00 will be charged when you are ready to submit your application. Completed packets will be considered for a regular admission decision.

A Pre-Admission Exam (PAX) is required and must be taken by April 30, 2021. Please refer to the instructions in this packet as directions for this exam has changed.

The date of submission of a "***completed packet***", along with post admission requirements, pre-admission testing, will determine your start date. The School of Nursing starts classes just once a year (each August). It is the applicant's responsibility to make sure their packet is complete and that they have met the pre-requisites and have contacted the school once their PAX is scored.

Please read the information under the application tab carefully to make sure that you understand and fill out the proper forms. All steps in the admission process must be completed in order to be considered for admission into the program, and all required forms should be submitted together.

We hope that the material on our website will answer most of your questions. However, if you have any questions or need further assistance, please contact the Geisinger Lewistown Hospital School of Nursing Office at 717-242-7930 or Lisa Wilson at lawilson@geisinger.edu.

Once again, thank you for choosing our program and congratulations for taking the next step toward a promising future in nursing!

The following pages include information on what is needed to apply to the Geisinger Lewistown Hospital School of Nursing.

The following is a list of materials that are in this packet:

1. Admissions Policy
2. High School Transcript Request Form
3. Three Request for Recommendation Forms
4. Information about registering for the Preadmission NLN-RN Examination
5. Two essays will be required when applying online. They are as follows:
 - a. **Educational Goals:** Why you have chosen nursing as a career path.
 - b. **Post-High School/Educational/Work Experience:** If you have graduated from high school please provide a brief chronology of what you have done since graduation. (Include education, personal enrichment and job experience). If you are still in high school please provide information on clubs, activities or job experience.

**APPLICATION AND PAX TESTING DEADLINE IS APRIL 30, 2021 OR
UNTIL CLASS IS FILLED.**

Admissions Policy

All program applicants will be required to meet standardized criteria in order to apply for the program. The education requirements for admission are as follows:

1. High School Education – A candidate must have completed work equal to a standard high school education. A general equivalency diploma (GED) is accepted as a standard high school education. Candidates who obtained their GED out of the state of Pennsylvania are required to submit a Certificate of Preliminary Education from the Pennsylvania Department of Education. **Official High School transcript is required of all applicants.**
2. High School Class Rank - Class rank will be considered for high school applicants and recent graduates. Rank in the upper half of the class is preferred.
3. Grade Point Average (GPA) - GPA will be considered for all applicants. A minimum GPA of 2.5 is preferred, with a “C” grade or better (required) in algebra, general biology, and general chemistry and each must be one full credit. (C-minus not acceptable).
4. Applicants will have completed work equivalent to a high school course with a minimum of 16 units, including three units of English, three units of social studies, two units of mathematics (one of which is algebra I), and two units of science with a related laboratory or the equivalent (general biology & general chemistry.)
5. All applicants will be required to take the National League for Nursing Preadmission Examination for RN applicants, and a score in at least the 60th percentile is preferred.
6. Post-secondary Education - Applicants who have completed post-secondary coursework must submit a transcript(s).
7. Test of English as a Foreign Language (TOEFL) is required for applicants whose first language is not English. Acceptable scores must be documented. Minimum passing score for the TOEFL iBT is 84 or higher total score, with a minimum speaking score of 26. Minimum passing score for the TOEFL PBT is 540 or higher total score. TOEFL code is 0205.
8. Applicants must have a cleared/clean record of all criminal and child abuse clearances in order to apply. Clearances are not required until after acceptance into the program and must be turned in prior to the start of classes.
9. All Geisinger facilities are tobacco free. In accordance with Geisinger policy, all applicants who are offered admission will be required to have a nicotine screening. If results are positive, the offer for admission will be rescinded.
10. Must be 18 years of age or older prior to entry if accepted.
11. Must be a U.S. Citizen or Permanent Resident of the United States.

***It is the policy of the Geisinger Lewistown Hospital School of Nursing to provide equal opportunity for all applicants without regard to race, color, religion, creed, national origin, ancestry, sex, non-job-related handicap, disability, or age. The Geisinger Lewistown Hospital School of Nursing is committed to offering students who are disabled (as defined by Section 104 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990) an opportunity to participate in the program.

THIS POLICY WILL BE STRICTLY ADHERED TO.

Pre-Admission Exam for Geisinger Lewistown Hospital School of Nursing

As part of our admission process, the GLHSON requires that the NLN Pre-Admission Exam be taken. This test is mandatory for all applicants and an overall score in the 60th percentile rank or higher is preferred.

All pre-admission exams will now be handled through Proctorio and will be taken at home at the tester's convenience. The test consists of 3 sections (verbal, math, science). It is the responsibility of the tester to read the guidebook and to create an account through the NLN website and to get registered for a test using Proctorio. Once a test is purchased, testers will have 90 days to complete it. It is the tester's responsibility to then notify the school when their score is available. Deadline to submit score is April 30, 2021.

- [CLICK HERE TO VIEW THE GUIDEBOOK FOR PAX AND NACE REMOTE TESTING](#)
- [VIDEO WALKTHROUGH REMOTE TESTING PAX AND NACE](#)
- [Student Guide to Hyflex Testing \(Proctorio\) Student Pay](#)

Student customer support form: [NLN Student Smart Form](#)

Exam details:

- **Pre-admission Exam for HyFlex (H-PAX_1).** A **\$55.00** fee payable to the NLN will be required when you register online. (Price subject to change). When purchasing exam it will read "Verbal", but there are 3 sections total (verbal, math, science).

Student Purchase in NLN Store	
1.	Read the <i>User Guide</i> pdf document
2.	Create an account for our institution go to Geisinger School of Nursing
3.	Details alphanumeric field* Not applicable
4.	Click email link to set up a password
5.	Click Buy Exam : Follow instructions to pay by Credit Card Other test prep material may be purchased at this time.
6.	Click My Assessments Schedule or Launch

***Details Field-** When creating a student account, there is a field called "Details" This field allows examinees to enter a unique identifier for export to student management system. (Not applicable at this time)

PAX ADA Candidates:

Please note the NLN no longer requires or accepts requests for ADA testing needs. In the event that your institution has approved an individual for additional time, please direct the student to purchase the P-PAX ACC version in the student score. The cost of the exam is the same as the standard version.

Refunds

Please note that once you have applied to take the NLN RN Pre-Admission Exam all fee and fees associated with score reports are non-refundable.

Repeating the Exam (GLHSON Requirement)

Any individual wishing to retake the NLN Pre-Admission Exam will get two test tries per application, pending time allowed. **There is a 3 month wait period between tests.**

Test scores are considered confidential information. Your test score will be made available to you by the NLN, approximately 4 hours after the end of the test. Directions for scoring are on the NLN website or your account.

INFORMATION ABOUT NATIONAL LEAGUE FOR NURSING (NLN) PRE-ADMISSION EXAMINATION – R.N.

To better prepare applicants, a series of prep products have been created by the NLN. These have been designed to help students learn and retain the material by simulating the actual PAX. These products can be found on the NLN store once you have created your account. You can also download an NLN PAX exam prep app by searching apps on your phone.

The following textbooks may also be helpful in preparing for the exam:

1. Barron's Nursing School Entrance Exam
Corrine E. Grimes and Sandra Swick (2007)
3rd Edition ISBN# 13-978-0764136979
2. Nursing School and Allied Health Entrance Examination
Marion F. Gooding, ARCO Publishing Co. (2003)
16th Edition ISBN# 13-978-0768911954
3. Review Guide for RN Pre-Entrance Exam
Mary McDonald, Jones & Bartlett Learning (2003)
2nd Edition ISBN# 13-978-0763724863
4. Review Guide for RN Pre-Entrance Exam
Emily Ekle/Amy Sibley/Patricia Donnelly, Jones & Bartlett Learning (2008)
3rd Edition 13-978-0763762711

The ***Review Guide for NLN-RN Pre-Entrance Exam, Third Edition*** provides a sound basis for successful preparation for a nursing pre-admission exam. It also provides an overview of the math, science, and reading comprehension skills necessary for admission to AD and BS programs. This best-selling study guide includes review questions and practice exams in each of the three test areas and includes helpful tips for test preparation and for becoming a more effective learner and test taker.

Plan of Study

The Geisinger Lewistown Hospital School of Nursing (GLHSON) offers one program of study and that is in professional nursing. At the completion of the program, the graduate is eligible to apply for the National Licensure Exam (NCLEX-RN) to become a Registered Nurse.

In order to graduate from the GLHSON program, a student will need to complete 88 credits. The nursing courses, totaling 58 credits, will be offered by the GLHSON. The remaining 30 credits are college courses and may be taken at a college of your choice.

GLHSON has also partnered with Harrisburg Area Community College to offer these courses to our students in the evening, here in Lewistown.

The GLHSON offers a two-year Plan of Study. Students who are Licensed Practical Nurses (LPNs) in the state of Pennsylvania can apply for advance standing to enter in the LPN track.

GLHSON Courses are scheduled through the day Monday-Friday. General Education Courses that are not completed and if scheduled through HACC (Lewistown), will be taken in the evening(s) in accordance with HACC's scheduling.

GLHSON Plan of Study

(Fall – 16 weeks)

GLHSON Courses	Credit/ Unit	General Education Course(s)	Credit/ Unit
N111: Nursing Fundamentals	10	Psychology	3
N122: Professional Nursing Communication	1	Anatomy and Physiology I	4
N213: Critical Thinking	1		
N130: PN-RN Progression Course* (LPN's only)	2		

(Spring – 16 weeks)

GLHSON Courses	Credit/ Unit	General Education Course(s)	Credit/ Unit
N112: Pharmacology	2	Anatomy and Physiology II	4
N121: Medical Surgical Nursing	8	Microbiology	4

(Summer – 12 weeks)

GLHSON Courses	Credit/ Unit	General Education Course(s)	Credit/ Unit
N131: Medical-Surgical Nursing II	6	Nutrition	3
		Human Growth and Development	3

Year Two:

(Fall – 16 weeks)

GLHSON Courses	Credit/ Unit	General Education Course(s)	Credit/ Unit
N211: Nursing Care of the Elderly	6	English	3
N221: Nursing Care of the Childbearing Family	6	Computer Applications	3

(Spring – 16 weeks)

GLHSON Courses	Credit/ Unit	General Education Course(s)	Credit/ Unit
N212: Psychiatric/Mental Health Nursing	5	Sociology	3
N222: Nursing Care of the Critically Ill	5		
N232: Transcultural Nursing	2		

(Summer – 12 weeks)

GLHSON Courses	Credit/ Unit	General Education Course(s)	Credit/ Unit
N231: Leadership and Management in Nursing	6		

Two Year Plan of Study = 88 Credits/Units

Transfer Students and LPNs may qualify to receive credit for Nursing Fundamentals (8 credits), Professional Nursing Communication (1 credit), and Critical Thinking (1 credit) upon admission into the program.

Plan of study must be completed within 3 years.

Advanced Placement

Licensed Practical Nurses (LPNs) may apply for and receive advanced placement in the program.

The following criteria must be met:

1. All admission and pre-requisite requirements must be met.
2. The applicant must be a graduate of a Board-approved and accredited program.
3. The applicant must have a current Pennsylvania LPN license and be in good standing. A copy of the LPN license needs to be submitted and/or license verification will be conducted.
4. Two years of LPN work experience are preferred within the past 5 years.
5. All written work and testing must be met with satisfactory performance in the transition course in order to continue in the program.
6. Additional theory and clinical time may be recommended, even if advanced standing is granted.
7. Students who are in the LPN to RN track, may receive credit by exam for N111-Nursing Fundamentals, Nursing 122-Professional Nursing Communication, Nursing 213 Critical Thinking. They will not be required to complete a course transfer form to receive credit.

Transfer Policy

A. For students requesting course transfer credit:

- 1.) The LHSO will maintain a list of courses that have been previously reviewed and approved.
- 2.) The student will complete the course transfer form and will submit it to his/her advisor. The student must also submit official transcripts from the college or professional nursing program. The course description must be included for any courses that are not on the list of previously reviewed and approved courses.
- 3.) The advisor will review the course descriptions and will take one of the following actions:
 - a. If the course is included on the previously reviewed and approved course list, the advisor will approve the course and will submit the form for credit.
 - b. If the course is not on the previously reviewed and approved course list, the advisor will request a review by the Executive Committee.
 - c. The committee may ask the student for the course syllabus.
 - d. The committee will determine whether the course will be accepted, and this decision will be communicated to the student.
 - e. When an official transcript is received, the course will be added to the student's LHSO transcript. Until the official transcripts are received, the course will have a "T*" coded beside it on the grade report.

Transfer Policy Cont'd

- f. If the student decides to take a CLEP test for a course, credit must be granted through a college or university, and the student must submit official transcripts as proof of credit with the approved course number on the transcript. A course transfer form must also be completed. CLEP testing credit for English courses will not be accepted.
 - g. Accepted transfers will receive an official credit evaluation after student registration. For every semester that the student is still taking general education courses, he/she will be required to submit grade reports from the respective college or institution where the course is being taken. Students will be required to submit official transcripts at the end of every summer semester. Students may be refused registration to nursing courses if official transcripts are not submitted.
 - h. Students will not graduate and will not be approved to take the NCLEX exam until official transcripts are received for all classes
- B. For students who have been enrolled in other professional nursing programs:
- 1.) Every applicant must meet the basic admission requirements (refer to Admission Requirements policy)
 - 2.) Only students who have successfully completed nursing courses at an accredited institution of higher education will be considered transfer students.
 - 3.) Transfer students must complete a minimum of three semesters of core nursing courses at the Lewistown Hospital School of Nursing.
 - 4.) Granting of transfer credit is evaluated on a course-by-course basis by the committee.
 - 5.) The student will follow the procedure for requesting course transfer credit.
 - 6.) Transfer applicants will be considered if space is available in the class.
 - 7.) Nursing Course transfer will be granted based on the following:
 - a. The course content must be comparable to the curriculum that is offered in Lewistown Hospital School of Nursing curriculum.
 - b. Course descriptions will be required for nursing courses completed at other institutions. Faculty will make the decision based on a review of the course description submitted.
 - c. In order for courses to be considered the course grade earned in Theory/Clinical must be at least C/P or higher. (C-minus is unacceptable).
 - d. Successful completion of challenge exams may be required.
 - e. A fee will be charged for each nursing challenge examination. The fee must be paid on or before the day of testing, and the student will be informed of the fee prior to the testing date.
 - f. Students who have successfully challenged the theoretical knowledge portion of the course are required to be evaluated for clinical proficiency.
 - g. Faculty may require students to audit nursing courses and/or attend clinical preparatory sessions as a condition of their enrollment.
 - h. The student may be placed on academic probation as a condition of enrollment in the LHSON program.
 - 8.) After beginning the nursing program, all required courses must be taken through Lewistown Hospital School of Nursing, unless special approval is granted.

General Education Course Descriptions

The following general education courses are required. (Please note that these courses may be taken at any accredited college or university and it is the student's responsibility to arrange for and pay for these courses.)

Anatomy and Physiology: 4 credits each

Study of the structure and function of human cells, tissue, organs, and systems. Clinical applications of anatomy and physiology will also be considered. These courses include lecture and laboratory component.

General Microbiology: 4 credits

The study of fundamental characteristics of bacteria and related microorganisms, including taxonomy, physiology, and distribution.

Nutrition: 3 credits

An introduction to the science of nutrition. Consideration is given to nutrients, their composition, functions, and sources. Human physiology, including digestion, metabolism, and excretion is covered, along with special nutritional needs throughout the life cycle. Integrated with this basic information are special topics pertaining to diets, organic foods, preservatives, pesticides, world hunger, and other current issues.

Human Growth & Development: 3 credits

Physical, cognitive, social, and emotional developments are studied throughout the life span. Major theories of development are discussed. Applications and examples are presented from applied contexts. Special needs of individuals at various stages throughout the life span are addressed.

Introductory Sociology: 3 credits

This course will introduce the student to concepts of sociology. The course will focus on the nature and characteristics of human societies and social life.

Computer Applications: 3 credits

This course is designed to introduce the student to computer applications related to health care. Basic computer skills will be reviewed. The student will gain skills in working with various computer programs, which are commonly used in the health care setting.

English: 3 credits

This course is designed to introduce the student to technical and professional writing to prepare them to utilize effective written communication in the professional world.

Introduction to Psychology: 3 credits

This course is designed to introduce the student to basic concepts and theory related to psychology. The course will focus on human psychological development and behavior.

School of Nursing RN Course Descriptions

Course Descriptions

N111: Nursing Fundamentals

Credit Hours: 10 units (5 theory and 5 lab/clinical)

This course is designed to introduce students to nursing fundamentals based on concepts of health promotion and wellness. The theoretical component of the course will emphasize the basic needs of the individual in maintaining health and wellness and preventing illness. Theoretical concepts include an introduction to professional nursing as a caring profession, communication techniques, introduction to legal and ethical issues, nursing physical assessment and history-taking, nursing process, and the teaching-learning process. An overview will be provided on various types of health-care settings and patient care delivery systems.

The clinical laboratory portion of this course will enable the student to develop clinical competencies in the learning laboratory and to integrate theoretical concepts with clinical skills. Through selected guided experiences in direct care and the community, the student will apply acquired skills and knowledge to meet the basic health care needs of individuals. (Pre-requisite or Co-requisites: Psychology, Anatomy, Pharmacology.)

N 121: Medical Surgical Nursing I

Credit Hours: 8 Units (5 theory; 3 lab/clinical)

Presents concepts relating to the individual whose basic needs have been altered by illness. This course emphasizes the effects of stress on homeostasis in adults. The specific needs of clients experiencing impaired skin integrity, pain, altered nutrition, impaired mobility, fluid and electrolyte imbalances, fatigue, and challenges to emotional and spiritual well-being are presented in the classroom. Care of the client during the perioperative period is also presented. Principles of pharmacology and techniques of medication administration are emphasized. Guided clinical learning experiences are presented in an acute care setting, integrating theoretical concepts with clinical skills. Restoration of the client, family, and community wholeness is emphasized through appropriate assessment, diagnosis, planning, and therapeutic intervention/evaluation and client education. (Prerequisites: Nursing N111 and pre-requisites for that course; Pre-requisite or Co-requisite: Physiology, Microbiology, Nursing 122).

N131: Medical Surgical Nursing II

Credit Hours: 6 Units (3 Theory; 3 lab/clinical)

This course builds on the theories and clinical experiences of Nursing 121. It emphasizes the care specific to the individual who is experiencing cellular imbalance. Adult health nursing theory is presented through an integrated approach that includes: prevention of illness; pathophysiology; promotion of wellness; rehabilitation; integration of research and problem-solving; pharmacotherapeutics; diet/nutrition therapy; patient teaching; and other modalities.

The clinical nursing experience enables the student to plan, implement, and evaluate patient care plans designed to restore homeostasis in the adult client within an acute care setting and in community settings. (Pre-requisite Nursing 121 and pre-requisites for that course; Co-requisite: Nutrition).

N 211: Nursing Care of the Elderly

Credit Hours: 6 units (3 theory and 3 lab/clinical)

This course focuses on the changes experienced with aging and their influence on the individual, the family and the community. The course introduces concepts related to the aging phenomenon and related healthcare dynamics. It explores personal values related to aging and promotes sensitivity to aging issues. End-of-life care issues are explored with an emphasis on appropriate pain management. This course provides clinical experiences that allow students to apply theoretical concepts to Gerontological nursing practice in the acute care and community settings (Pre-requisite: Human Growth and Development is a pre- or co-requisite course, Professional Nursing Communication, Nursing 131 and all of its requirements).

I.

N 212: Psychiatric/Mental Health Nursing

Credit Hours: 5 Units (3 theory/2 clinical)

This course will build on skills developed in N 122: Professional Nursing Communication. The student will be introduced to the concepts of nursing care as related to patients experiencing coping mechanism failures. The theoretical framework emphasizes therapeutic and interpersonal relationship skills, including self-awareness skills, communication skills, group process, and psychopathological disorders. The student will gain experience in working with adults, adolescents, and children. The clinical component includes experiences with one-to-one relationships and group interpersonal situations in acute, chronic, and community mental health systems. (Pre-requisite: Human Growth and Development is a pre- or co-requisite course, Professional Nursing Communication, Nursing 131 and all of its requirements).

N221: Nursing Care of the Childbearing Family

Credit Hours: 6 Units (3 Theory; 3 lab/clinical)

This course introduces the student to concepts of nursing care for the childbearing family. Emphasis is placed on applying concepts of childrearing and childbearing within the family unit from the prenatal client to the adolescent client. Principles of growth and development are correlated to nursing and medical diagnoses. The theoretical content includes the care of families experiencing normal and high-risk pregnancy and childbirth as well as pediatrics. Preventative issues surrounding the childbearing family are also emphasized. The clinical learning component includes experiences in the prenatal, antenatal, and postpartum management of the patient in the acute care and community settings. (Pre-requisites: Nursing 131 and all of its prerequisites; Human Growth and Development and pre/co-requisite: Sociology).

N222: Nursing Care of the Critically Ill

Credit Hours: 5 Units (3 Theory; 2 lab/clinical)

This course builds on the theories and clinical experiences of Nursing 111, 121, 131. The student will learn about clients who are experiencing high-risk, complex multi-system health care problems across the life span. Nursing concepts related to the needs of the critically ill patient will be emphasized. The course will incorporate advanced nursing skills and the theoretical knowledge required when caring for patients with complex medical-surgical problems. Caring relationships and critical thinking skills are emphasized in addition to the psychodynamics involved when caring for individuals and families experiencing a life-threatening crisis. Clinical experiences offer the student the guided application of theoretical knowledge and technical skills required to provide holistic nursing care to this population. (Pre-requisite: Nursing 131 and all of their pre/co-requisites Human Growth and Development).

N231: Leadership and Management in Nursing

Credit Hours: 6 Units (2 theory; 4 lab/clinical)

Introduces the student to the leadership and management skills needed to manage the care of individuals with acute health care needs. Emphasis is placed on the concepts of leadership, change, legal issues and quality improvement in health care delivery systems. Clinical experiences are designed to provide the student an opportunity for the application of leadership and management theories in the delivery of nursing care. Students are also oriented to the functions and responsibilities of the graduate nurse. (Prerequisites : Nursing 111 through 222 and all of their prerequisites).

N122: Professional Nursing Communication

Credit Hours: 1 Units (1 theory; 0 lab/clinical)

Introduces the student to the theories and skills necessary for effective and collaborative communication between members of the healthcare team as well as patients, families and others. Explores communication theories with a focus on listening skills, teaching skills, customer service skills and professional boundaries and relationships. Classroom experiences are designed to allow the student to apply theoretical knowledge and gain experience in the critical role of the nurse as a member of the interdisciplinary healthcare team. Provides the opportunity to learn and use medical terminology as well as to read, interpret and appropriately share patient information.

N130: PN-RN Progression

Credit Hours: 2 Units (1 theory; 1 lab/clinical)

This course is designed to integrate the theoretical concepts basic to professional nursing from practical nursing concepts and experiences. The course bridges prior learning and experience with professional nursing education. This course focuses on the delineation of the role and responsibility of the professional nurse as well as the theoretical basis for the nursing process. This course is open only to LPN-RN students. Nursing advisor approval is required prior to enrollment in this course.

The physical assessment or clinical portion of this course will focus on the presentation of principles and techniques used in obtaining a comprehensive health assessment and physical examination in the context of physiological, psychological, sociological and developmental parameters. Emphasis will be placed on differentiating between normal and abnormal findings in adults, the elderly and children. (Pre-requisites: Anatomy, Physiology, Microbiology, Psychology, N111, N112, N121, N122; Co-requisite Nutrition).

N232: Transcultural Nursing

Credit Hours: 2 Units (2 theory; 0 lab/clinical)

This non-clinical course explores aspects of human diversity including race, gender, ethnicity, sexual orientation and disability. Concepts such as social and economic justice, ethnocentrism and social class are addressed as they relate to the effective delivery of holistic nursing care.

N213: Critical Thinking in Nursing

Credit Hours: 1 Units (1 theory; 0 lab/clinical)

II.

This non-clinical course focuses on critical thinking, problem-solving and decision-making skills. Introduces ethical and legal constructs as they apply to health care issues. Emphasizes ways to apply critical thinking skills in the nursing care of various populations. Classroom experience includes exercises in the application of critical thinking skills.

N112: Pharmacology

Credit Hours: 2 Units (2 theory; 0 lab/clinical)

This course is designed to provide a theoretical foundation of pharmacological concepts important to the safe administration of drug therapy in various clinical settings. The focus will be on therapeutic pharmacologic treatment modalities and expected responses to treatments. Major drug classifications will be reviewed. The nurse's role in the delivery of drug therapy will be emphasized, as well as the safety aspects of drug therapy. Students will also demonstrate competency in calculating medication dosages. (Pre- or co-requisite Anatomy, Introduction to Psychology).

Revised 3-13-18

Post-admission Requirements

Pre-entrance Physical Examination

1. Prior to enrollment, potential students must obtain a satisfactory physical examination. Cost of physical exam is the student's responsibility.
2. The Geisinger Lewistown Hospital School of Nursing Student Health Nurse will perform an immunization review which includes; Various Titers, Drug Screen and Nicotine Screen. If additional titers are needed, Geisinger Lewistown Hospital will perform the necessary lab work and this cost will be absorbed by Geisinger Lewistown Hospital.

Any student who does not successfully pass the pre-enrollment physical examination and who fails to meet the minimum requirements for admission to the program will be notified by the Program Director that the previous offer of admission to the program has been rescinded.

Geisinger Lewistown Hospital reserves the right to temporarily or permanently exclude any student who cannot perform essential functions of a student nurse with or without reasonable accommodation.

Criminal History/Child Abuse Clearances/FBI Clearance

All students must provide criminal history information (Act 33), FBI clearance information and PA Child Abuse History Clearance (Act 151). The clearances must be obtained within six months prior to the start date, and the original forms must be produced. All forms must be placed in the student's file prior to enrollment.

Applicants must have a cleared/clean record of all criminal and child abuse clearances. Clearances are not required until after acceptance into the program and must be turned in prior to the start of classes.

The Pennsylvania State Board of Nursing reserves the right to deny licensure based on the applicant's criminal and/or child abuse history, even if an individual has completed a nursing program (Refer to Section 6C of the Professional Nursing Law).

Cardiopulmonary Resuscitation (CPR) Certification

All students must have current CPR certification (two-year basic life support for the healthcare provider), including infant and child CPR. If you need to become certified, please contact the American Heart Association or the Geisinger Lewistown Hospital. Online courses are not accepted.

Health Insurance

All students must provide evidence of having health insurance prior to enrollment in the program. Students must maintain health insurance throughout the program.

Malpractice Insurance

Each student must maintain malpractice insurance throughout the program and must be no less than \$1,000,000.00 per occurrence.

This is for your information only, should you be accepted into this program.
