If you're uninsured, a Geisinger Trusted Advisor can help

We have certified application counselors trained on the Federal Health Insurance Marketplace as well as on Pennsylvania's Medical Assistance program. They can help you obtain insurance before you have healthcare services.

Call 855-849-1510 to speak with a Geisinger Trusted Advisor counselor or to schedule a face-to-face appointment. This service is offered free of charge.

If you are uninsured and choose to have services, a discount may be available. In many cases, you must pay for these services ahead of time. Contact a financial counselor for assistance.

Services that are not covered

These are costs for medical services that your insurance does not pay. It is your responsibility to find out what your health insurance provider covers before you have services performed. You may choose to have these services that are not covered by your insurance. Contact a financial counselor for assistance.

Insurance billing

Does Geisinger participate or is it "in-network" with my insurance?

Geisinger participates with many insurance plans, and the list continues to grow. For the latest list:

- Visit [geisinger.org](https://www.geisinger.org) and search for *accepted insurance*.
- E-mail insurance_question@geisinger.org.
- Call 800-640-4206.

If your insurance does not participate with Geisinger, we will still assist you with completing a claim; however, you may be liable for a higher amount due than if you go to a participating or "in-network" provider.

Help with filing claims

We are pleased to file your claims for any insurance plan in the U.S., as well as Medicare and Pennsylvania Medical Assistance. Here's what you should have ready at your appointment:

- Your current insurance card
- Any insurance claim forms from your insurance company
- Any forms from your employer

When is my payment due?

Some payments are due before or at the time you receive care. We will bill you for any remaining balances as determined by your insurance provider.

Payment plans

If you cannot pay for the entire outstanding balance when it is due, contact us immediately. Our financial counselors will be happy to discuss interest-free installment plans* and other options.

- Call us at 800-640-4206.
- Talk in person with a financial counselor.

**Installment plans are established on balances greater than \$100.*

Key terms

Below is a list of key terms you should be familiar with when it comes to amounts owed to Geisinger.

Copayment or "copay" – This is the part of your medical bill you must pay each time you visit the physician. This is a preset fee determined by your health insurance provider and is due on the date of service.

Deductible – This is the amount you must pay for medical treatment before your health insurance provider starts to pay — for example, \$1,000 per individual or \$3,000 per family. In most cases, a new deductible must be satisfied each year.

Coinsurance – This is the part of your bill, often in addition to a copay and deductibles, that you must pay. Coinsurance is usually a percentage of the total medical bill — for example, 20 percent.

Urgent or emergency treatment – Emergency services may be defined as a service required when a physician determines that immediate care is required to avoid disability or the loss of life or limb.

Elective care and services – Elective care is medical care or services that can be scheduled. If your care is not urgent or is not an emergency, you must pay for some part of the bill at the time of service. If you plan to have elective care, call us before you schedule your medical appointments. We will review payment options with you.
