

# Know your masks

**Protect yourself, and everyone around you.**

## N95 masks

- Should be reserved for frontline healthcare workers
- N95 masks with a valve will not filter out the virus if you are a carrier

## Surgical masks

- Should be saved for medical professionals
- Single-use — dispose after using

**How to wear your mask**

Snugly covering your mouth and nose

## DIY cloth masks

- Protects others from you
- Can make at home and re-wear — wash after each use

## No mask

- Offers no protection
- Doesn't help slow or stop the spread of COVID-19
