

GHP Family-PerformRx Specialty Network

GHP Family uses PerformRx's Specialty Pharmacy Network to ensure GHP Family members have access to Specialty Medications. PerformRx Specialty allows members to use any contracted specialty pharmacy to obtain any specialty medication the pharmacy stocks. The list of specialty medications is available below.

PerformRx will allow members to receive medications from out-of-network pharmacies when the drug(s) are not available at a network pharmacy ("limited distribution" or when the drug maker limits what pharmacy can dispense their medication) or if the network pharmacy cannot serve the GHP Family member in time to prevent harm to the member.

Below is a list of PerformRx specialty providers as of April 1, 2022:

NOTES:

- Use of the Specialty Pharmacy Drug Program is mandatory only when medication will be self-administered by the member at home. Use of the Specialty Pharmacy Drug Program is not mandatory if the physician elects to buy the medication and bill GHP Family for the cost.
- If GHP Family is the secondary insurance specialty pharmacy does not apply
- Specialty medications may require prior authorization. Information is available at www.geisinger.org/health-plan/plans/ghp-family/pharmacy-coverage or by calling 855-552-6028.
