

Billing and Reimbursement

Outpatient hyperbaric oxygen therapy (HBO) services

HBO therapy – a treatment in which the patient is placed in a chamber under higher-than-atmospheric pressure; this high-pressure oxygen stops bacteria from growing and, at high enough pressure, kills them

Outpatient claims should be billed using HCPCS code G0277 to indicate a 30-minute session in the chamber.

Any surgical procedure for wound care other than HBO should be billed by a facility with revenue code 761 (treatment room) and a corresponding CPT®/HCPCS code that represents the surgical procedure.

Geisinger Health Plan, Geisinger Indemnity Insurance Company and Geisinger Quality Options, Inc. are collectively referred to as "GHP" in this summary.

All rights, duties and responsibilities of participating providers will be applied according to the following document order: 1) member's benefit document; 2) the participating provider's contract agreement; 3) the GHP Family Provider Guide; and 4) the Geisinger Health Plan Provider Guide.
