

Billing and Reimbursement

Well child office visits

Well-child office visits, through 21 years of age, can be coded by using one of the applicable preventive CPT and diagnosis codes, 99381 to 99385 or 99391 to 99395 with the applicable diagnosis.

The CPT code corresponding to the age of the child at the time of the visit should be reported.

If you utilize a regular evaluation and management code to report the visit, you must also report the appropriate preventive diagnosis code.

Use the [HEDIS information booklet](#) to reference more information on billing for preventive services.

Geisinger Health Plan, Geisinger Indemnity Insurance Company and Geisinger Quality Options, Inc. are collectively referred to as "GHP" in this summary.

All rights, duties and responsibilities of participating providers will be applied according to the following document order: 1) member's benefit document; 2) the participating provider's contract agreement, 3) the GHP Family Provider Guide; and 4) the Geisinger Health Plan Provider Guide.
