4. If you meet the requirements, follow the steps to set up a time and location for your vaccination. **Note:** In the field below the question *What is the most important thing you want addressed during this visit?* enter “vaccine.”

\*What is the most important thing you want addressed during this visit?

vaccine

5. When you've successfully scheduled your vaccination, you'll see this screen.

The screenshot shows the 'Appointment Details' page for a COVID-19 vaccine appointment. It includes the appointment date and time (Monday, January 18, 2021, 12:00 PM EST), the location (COVID-19 Vaccine Hughes Center South, Danville), and directions. It also features a 'Get ready for your visit!' section with a 'PREPARE UPDATES' button and a 'Save time by completing the Visit Updates ahead of time' note. There are links for 'Reschedule Appointment', 'Cancel Appointment', 'Get ready for your visit!', 'Directions for COVID-19 Vaccine Hughes Center South, Danville', and 'Visit Instructions'.

**Note:** Two doses of the COVID vaccine are required. When you receive your first vaccine, we'll schedule you for your second dose **at the same location**, as you must have it a specific number of days after the first (Pfizer or Moderna vaccine: 26–42 days). Be sure to plan accordingly and choose the location that's most convenient for you.

If you don't meet the requirements, check back often at [geisinger.org/COVIDVax](https://www.geisinger.org/COVIDVax) for up-to-date information on vaccine eligibility.
