Thank you for your interest in Geisinger Gold!

Dear Prospective Member:

Better health should be easier for you — and for everyone. That's Geisinger's commitment. And it's why Geisinger Gold offers quality, affordable coverage to more than 90,000 Pennsylvania residents. Just a few of the advantages include:

- Benefits: Easy-to-use, comprehensive benefits, including worldwide emergency coverage!
- **Extra care:** In addition to your doctor, you'll have a nurse to help you manage a chronic illness, a newly diagnosed condition or provide support by phone after a hospital stay.
- **Stability and security:** The Geisinger name represents a rich heritage in providing quality healthcare and an ongoing commitment to the communities we serve. We've offered coverage to Medicare beneficiaries since 1994.

To help with your decision, this booklet includes the following information:

- A summary of benefits for the plan in which you expressed interest. This includes information on medical and prescription drug benefits and costs.
- A Geisinger Gold Formulary (list of covered drugs). Consult this for information on the prescription drugs we cover.
- An enrollment application and business reply envelope (in the back pocket).
- Information on our plan's **quality ratings** from the Centers for Medicare and Medicaid Services (CMS).

Call us today for more information. You'll get support from our Medicare advisors every step of the way. We'll work with you to find a plan that fits your needs and budget. For your convenience, you can also compare plans and enroll online at geisingergold.com.

The enclosed information may be helpful as you're making a decision. Have questions? Call us — we'll be glad to answer them. We look forward to serving you in 2023 and beyond!

Medicare coverage options

Choosing the right healthcare coverage for you is an important personal decision. There is no "one-size-fits-all" plan. Considerations include:

- Your overall health
- What prescription drugs you take
- Current or potential chronic conditions
- The need for coverage while traveling or time away from your permanent home.

Part A doesn't have a monthly premium. However, if you've paid Social Security taxes for less than 10 years, you will have to pay a small premium. Part A helps pay for inpatient hospital insurance, covers skilled nursing facility care (only if you've been hospitalized first), home healthcare if you have been hospitalized and hospice care whether or not you've been hospitalized.

Part B has a monthly premium. Part B helps pay for outpatient services such as doctors' fees, outpatient hospital visits, labs, X-rays, ambulance, preventive services, emergency room and urgent care, as well as other medical services and supplies not covered by Part A.

If you're delaying your retirement and have insurance with your employer, you can also delay enrollment in Part B, although it's best to enroll in premium-free Part A at age 65.

Don't count on Original Medicare to cover everything.

Original Medicare's costs can add up quickly if you have a medical condition that requires frequent care or a lengthy stay in a hospital or skilled nursing facility. And it doesn't provide benefits for many common healthcare services, including:

- Hearing aids
- Routine hearing exams
- Eyeglasses
- Routine eye exams
- Preventive dental care
- Most prescription drugs
- Fitness benefits
- Worldwide emergency medical coverage

6 things to consider when choosing a Medicare plan

1. Doctors and hospitals

Not all plans let you choose your own doctors and medical facilities. If that's important to you, choose a plan that does.

2. Costs

What will you pay for premiums, deductibles, coinsurance and copays? Is there an annual limit on these and other expenses?

3. Prescription drugs

Make sure the plan you choose covers the medications you need. Ask what pharmacies you can use.

4. Benefits

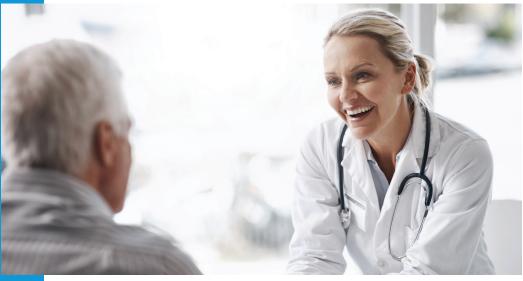

Does the plan have all the benefits you are looking for, like prescription drug coverage? What about a new pair of glasses?

5. Health history

Do you have a chronic condition? How many prescription drugs do you take? Do you need more coverage than Original Medicare?

6. Travel

Are you covered if you travel to another state or outside the U.S.? Does the plan have a nationwide network of pharmacies?

Because an excellent experience means you'll love us.

At Geisinger, caring is at the heart of everything we do. Providing our members with superior coverage, care and service is why we come to work every day. We'll do everything we can to be sure you tell your family and friends, "I'm with Geisinger, and you should be, too!"

Understanding the benefits

Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services that you routinely see a doctor for. Visit geisingergold.com or call 855-589-1423 (TTY: 711) to view a copy of the EOC.

Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they aren't listed, you will likely have to choose a new doctor.

Review the pharmacy directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy isn't listed, you will likely have to choose a new pharmacy for your prescriptions.

Understanding important rules

In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.

Benefits, premiums and/or copays/coinsurance may change on Jan. 1 each year.

Except in emergency or urgent situations, we don't cover services by out-of-network providers (doctors who are not listed in the provider directory).
